

The Cherry Creek Promise

Your mortgage is more than just a loan. It's a significant life event. It's the most debt most people will take on in their lifetime. It's tied to the emotions of buying a home. To honor that, I make the following promise to you:

- We will help you make an informed mortgage decision by taking the time to understand your goals and larger financial picture.
- We will walk you through options. There is no one-size-fits-all mortgage.
- We will be available to you directly throughout the process through your preferred mode of communication.
- We will use technology to inform and empower you, but won't let it get in the way.
- If you are purchasing a property or building a home, we will work closely with your real estate agent to make sure your loan closes when you need it to close.
